

TIG TORCH CERAMIC NOZZLES & INSULATORS

Description

TAURUS CERAMIC NOZZLES

Taurus ceramic nozzles, also known as alumina cups, allow the flow of shielding gas to the weld pool. The larger the nozzle, the larger the shielding area and vise versa.

TAURUS CERAMIC GAS LENS

Taurus ceramic gas lenses allow increased shielding gas coverage to the weld pool. The larger the gas lens, the larger the shielding area and vise versa.
