

## iWELD CUT-60H PLASMA CUTTER – 220V

### Description

## iWELD CUT-60H PLASMA CUTTER – 220V

The iWELD CUT 60H is a new generation inverter plasma cutter designed on and manufactured to the latest IGBT technology and is characterised by its performance and high efficiency. It delivers clean and straight cuts at adjustable currents up to 60H. It is equipped with a pilot ignition, is reliable, light-weight and easy to use. The advanced power input system will detect and handle a voltage drop or a spike of up to 15%. Conductive materials such as standard steel, stainless steel, aluminium, brass, copper and titanium can be cut hassle free.

### ACCESSORIES

- Earth clamp cable kit
- P60 hand-held plasma torch
