

TAURUS QUICK RELEASE COUPLINGS

Description

TAURUS QUICK RELEASE COUPLINGS

TAURUS QUICK RELEASE COUPLINGS are precision engineered and manufactured from high-quality brass ensuring wear resistance, sturdiness, durability, stability and gas escape prevention. They feature nozzle coupling connectors with easy-to-use slider collars for time-saving, fast engagement and disengagement of the gas hoses from the torch or regulator side.

The nozzle coupling connector is easy to use. All you have to do is slide the collar back and insert the male accessory coupling, and then slide the collar completely back to lock it in place.
