

TAURUS PRO TW4 MIG TORCHES

Description

General guidelines to assist with the selection of a MIG torch:

- Ensure the torch length is appropriate for the required welding operation.
- Confirm that the torch connection will fit to the welding machine.
- Ensure the correct sized tip and liner is used for the welding wire size.
- The appropriate liner should be used for the filler-wire material type.
- Ensure that the torch amperage is sufficient for the application.
- Confirm that the duty cycle of the MIG torch selected is suitable for the application.

The Taurus TW MOD4 MIG torch comes with the following;

- 1 x MOD 4 MIG torch with euro end
- 1 x MOD 4 course thread outer nozzle
- 1 x MOD 4 course thread nozzle insulator

-
- 1 x 1.2mm MOD 4 contact tip
 - 1 x MOD 4 tip adaptor/gas diffuser
 - 1 x 4m MOD 4/5 yellow steel liner
